Megan, I had already made it through 3.3.2.16 (old growth forest) on

the prior edition before seeing this new one. I am sending you what I have on the old version, and will just pick up where I left off on the revised version. Should have comments for you on the rest later tonight. Roland

Meg, Roland - If you have time to look at this and make edits between now and Saturday night, please do and reply to all when you send it back.

Thanks!
